Re: 2021 Convention Update

Hello All

Wow has this been a year or what! I do hope this memo finds you and your families keeping safe during this pandemic.

After not meeting during the summer months, your board did meet last week. We talked at length what to do about a 2021 convention, we have decided at this time we cannot with the current restrictions, plan an event for next year. We will look at this again in January and see where things stand, maybe a small focused event would work. This is not an easy decision to make, but we don't know what will happen in the New Year or what restrictions will be in place at that time.

We would like to thank those of you that have left your 2020 registration with us in hopes of an event in 2021 but now is the time to rethink this.

I present to you two options:

- donate your registration or part of your registration to our organization
- full refund of your registration minus a \$10 administration fee.

Please send an email to canadiankka@gmail.com letting us know what you would like to do, include your mailing address and club affiliation and we will process your request.

Thank you for your continued support.

Your board of directors

Peggy, John, John, Kyle, Marc, Dave
